

Introducing Alberta's only Women Rising Program

Professional women are rising and we want
YOU to be a part of their journey.

Alberta

Inspire female professionals in Alberta looking to advance, transform and achieve full potential in their careers. We are inviting senior female leaders to share their advice and their own career journey with Women Rising program clients.

Women Rising helps professional women get back to meaningful work and overcome unique barriers to employment and advancement including self-limiting beliefs, access to the right professional networks, post-maternity struggles, family/caregiver responsibilities and imposter syndrome. Women Rising is here to help them break through these barriers and overcome their challenges.

As a group mentor, you would commit to a 2-hour online Q&A discussion that will offer women the chance to learn about building a career in your profession or industry. *Mentor sessions are facilitated by our advisors and require no prep time.

Women Rising is sponsored by the Government of Alberta and is one of the many transformative career programs offered by Higher Landing. This is a life changing opportunity for female professionals. As a group mentor, you will play a critical role in helping women regain their sense of confidence, on top of landing exciting new jobs so they can rise higher.
